Specialty	Discount Only	

¹The out-of-pocket maximum refers to covered services only. Specific services are subject to Reference-Based Pricing (RBP) and patients may be billed beyond the out-of-pocket maximum for these services.

²Specific services, including advanced imaging, surgical procedures and maternity require precertification. Failure to obtain precertification will result in a denial of benefits.

³Medmo is a concierge scheduling service for radiology and imaging allowing members to maximize their benefits while minimizing costs to the patient.

⁴RBP reimburses providers using a percentage of Medicare coverage as the reference point for the reimbursement total. This plan pays up to 125% of the Medicare allowable coverage for applicable services. Patients will be responsible for paying any remaining balance beyond the provider reimbursement amount.

⁵Prescription drug benefits are subject to the formulary drug list. Copay amounts listed are based on a unit quantity of 30 for a 30-day supply. Pricing may vary based on quantity and supply.
